

Feb 18, 2009

Friend of Auburn Engineering:

We would like to thank you for your time and support of Baja SAE Alabama, held April 16-19, and the Samuel Ginn College of Engineering at Auburn University. Your participation will help make this year's event even better than the last, allowing the college to host a safe, fun and educational event for everyone involved.

Volunteers are a vital aspect of the competition, as we could not host 100 student teams from across the world without the help of more than 200 individuals like yourself. Whether an Auburn alumnus, staff member, faculty member, industry veteran or new friend of Baja and Auburn Engineering, we are grateful for your participation.

This event is not only an opportunity for you to volunteer your time and energy, but also one to develop relationships with young, aspiring engineers. Upwards of 1,000 highly motivated college students, many of whom have graduation on the horizon, will attend the competition with their peers. If your organization is in need of interns, co-op students or full-time employees, we welcome you to use this event for student recruitment, specifically if your business is in need of engineers with automotive or off-highway design experience.

Remember, event training, food/ drink, competition information and even apparel (a collared Baja shirt) will be provided to all volunteers. The competition schedule consists of a day of judging for engineering design and manufacturing cost; a day of short events demonstrating power and maneuverability of the prototype; and a day of endurance racing with the entire field of cars running in wheel-to-wheel competition. Come ready to have fun and learn a lot!

To learn more about the event, please visit:

- Baja SAE Alabama 2009 competition home page: www.bajasaealabama.com
- SAE Web site at <http://students.sae.org/competitions>
- Auburn University Baja SAE team site at <http://www.eng.auburn.edu/organizations/SAE/AUMB/>

We look forward to having you join us at Baja SAE Alabama 2009. If you have questions, comments, concerns or feedback about volunteering, please feel free to contact Sally Credille at 334-844-3447 or sally.credille@bajasae.net.

Sincerely,

Baja SAE Alabama 2009 Organizing Committee

Sally Credille
Volunteer Coordinator
